Introduction

General

Reclamation District No. 1000 (RD1000; District) was organized on April 8, 1911, by special act of the California Legislature, and is governed by the Reclamation District Act (California Water Code sections 50,000 et. seq.). The District's affairs are governed by a seven-member Board of Trustees. At the time of formation, the District embarked on the largest privately funded reclamation project in the United States. What was accomplished by the District in the twentieth century was truly remarkable. Today, the District's perimeter levee system consists of 42.6 miles of project levees encircling the District's 55,000 acres. The District also operates and maintains an interior drainage system consisting of 30 miles of main drainage canals, approximately 150 miles of drainage ditches and eight pumping stations. The drainage system collects agricultural tailwater, stormwater and drainage and delivers them to the pumping plants for disposal in the adjacent rivers and creeks.

RD 1000 perimeter levees are undergoing the largest rehabilitation since their original construction over a hundred years ago. The \$1.7 billion Natomas Levee Improvement Project (NLIP) which began in 2007 and will continue through 2025, will provide the Natomas Basin with two hundred-year flood protection when complete.

As the District moves into its second century, its public safety mission remains its first commitment. The District's sole purpose and function is to monitor, operate, and maintain the levees and flood control infrastructure protecting the more than one hundred thousand people in the Natomas Basin, ensuring that the system is ready for the next one hundred years.

Mission Statement

Reclamation District No. 1000's mission is flood protection for the Natomas Basin providing for the public's health and safety by operating and maintaining the levees, and the District's canals and pump stations in a safe, efficient and responsible manner.

Responsibility Statement

On behalf of and in communication with the residents of the Natomas Basin, the District meets its flood protection Mission by operating and maintaining:

- The perimeter levee system to prevent exterior floodwaters from entering the Natomas Basin.
- The District's interior canal system to collect the stormwater runoff and agricultural drainage from within the Natomas Basin.
- The District's pump stations to safely discharge interior stormwater and agricultural drainage out of the Natomas Basin.

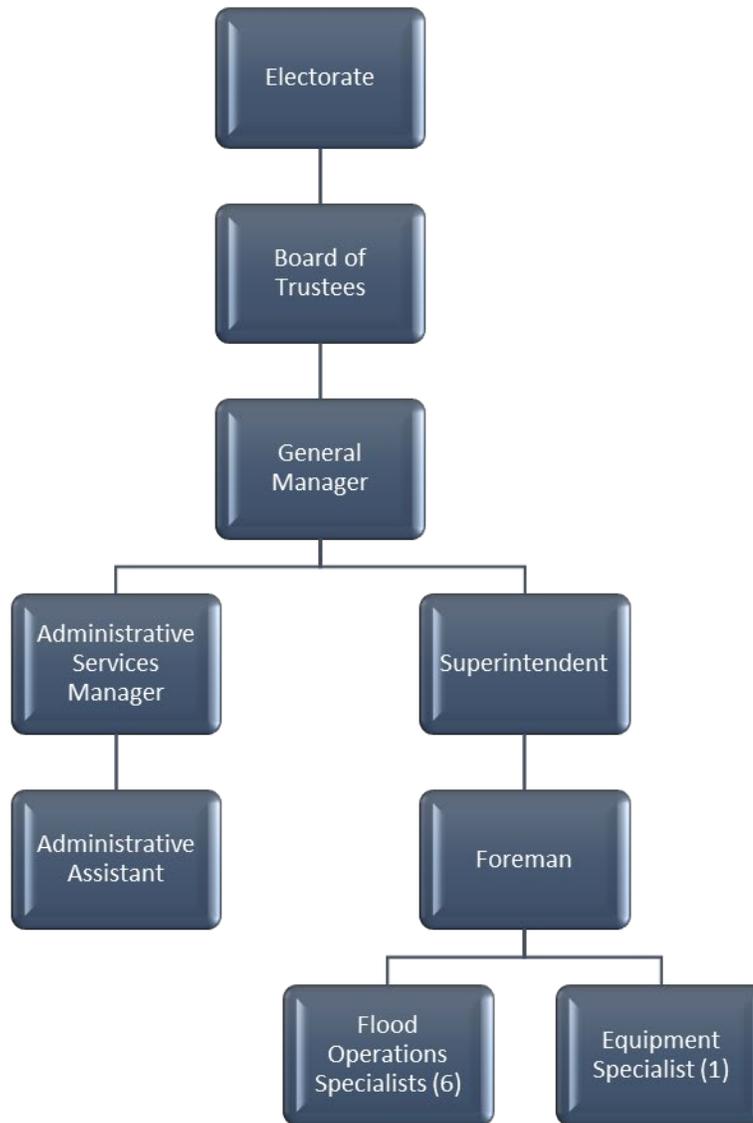

Vision Statement

In meeting its flood protection Mission, the District shall also:

- Carry out its responsibilities in a safe, professional and accountable manner that adheres to the principles of good governance and transparency being sensitive to community interests and the environment.
- Continuously identify and implement operational, maintenance, structural and non-structural improvements that reduce flood risks in the Natomas Basin.
- Cooperate with private entities and public agencies (including the Corps of Engineers and the State Central Valley Flood Protection Board) with whom the District shares responsibilities, common goals, and objectives for flood protection in the Natomas Basin.
- Educate the public about the risks of flooding in the Natomas Basin and the District's efforts to minimize those risks.

Request for Qualifications – Financial Audit Services

Executive Summary

Reclamation District No. 1000 (RD 1000; District) is requesting qualification proposals for preparation of Annual Financial Audits for three fiscal years beginning July 1, 2019 and ending June 30, 2022 with an option of two one year extensions, from interested certified public accountants with a minimum of 10 years' experience working with public agencies similar to Reclamation Districts, Water Districts and Irrigation Districts in the State of California. The District proposes to select one qualified consultant to conduct the Financial Audit for the District. The District reserves the right to reject any proposals and full discretion as to the award or refusal to award any contract.

Description of Services

In general, the District is seeking an annual audit of its financial statements by a Certified Public Accountant in accordance with generally accepted auditing standards. This audit must be submitted to the State Controller's office not later than January 31 after the end of the fiscal year.

A financial audit and report is requested for the fiscal years beginning July 1, 2019 and ending June 30, 2022. The audit and report shall be performed in accordance with generally accepted government auditing standards, as promulgated by the American Institute of Certified Public Accountants (AICPA); the *AICPA Audits of State and Local Governmental Units* audit and accounting guide; the *Government Auditing Standards*, published by the U.S. General Accounting Office including GASB requirements; and State of California Controller's Minimum Audit Requirements for California Special Districts.

The audit must be completed, and the report issued to the District prior to December 1 on an annual basis. Prior to the issuance of the final report, the auditor is expected to meet with the District's Finance Committee, and may be requested to attend the December Board Meetings to present the report. Copies of the report must also be provided for filing with the County of Sacramento and State Controller's Office.

For financial audits, the auditor shall examine the financial statements, notes to financial statements, supplementary information and records provided by the District and shall issue an auditor's opinion on the entity's financial statements. Such financial statements shall be prepared in conformity with generally accepted accounting principles.

The auditor shall issue a compliance report based on an audit of general purpose or basic financial statements and a report on the internal control structure; both in accordance with *Government Auditing Standards*.

The auditor shall include as a component the preparation and transmittal of the Annual Reports of Financial Transactions to the State Controller for each year.

The auditor may prepare a comprehensive management letter including the auditor's findings and recommendations relative to the internal accounting and administrative controls, compliance with laws and regulations as applicable and adherence to generally accepted accounting principles.

Auditors shall be required to make an immediate, written report of all irregularities and illegal acts of which they become aware to the Board of Trustees and the General Manager.

Qualification Proposal Deadline

All qualification proposals must be received by the District's office at 1633 Garden Highway, Sacramento, CA 95833 by **2:00 P.M. on April 3, 2020**. Submittals received after said time will not be considered.

4. Indicate availability to proceed with work on or about May 15, 2020, and include a tentative schedule for completing the required services.
5. A written work plan outlining how the consultant proposes to perform the audit and any information pertaining to any area of an audit customarily reviewed during such a work which has not been mentioned in the “Scope of Work” section of this solicitation.

Section B – GENERAL TERMS AND CONDITIONS & SUBMITTAL REQUIREMENTS

Requirement to Meet All Provisions

Each consultant submitting qualifications (Consultant) shall meet all the terms, and conditions of the Request for Qualifications (RFQ). By virtue of its submittal, the Consultant acknowledges agreement with and acceptance of all provisions of the RFQ package.

Qualification Proposals

Each qualification proposal must be made on the form(s) provided and accompanied by any other required submittals or supplemental materials. Qualification proposals shall be enclosed in an envelope that shall be sealed and addressed to Reclamation District No. 1000, 1633 Garden Highway, Sacramento CA, 95833. Each qualification proposal shall include one electronic copy of the material in *Adobe Acrobat* format on Universal Serial Bus (USB) Flash Drive. In order to guard against premature opening, the qualification proposal should be clearly labeled with the title, name of Consultant, and date and time of opening. No FAX submittals will be accepted.

To guard against premature opening, each qualification proposal shall be submitted to the District in a sealed envelope plainly marked with the following:

- RFQ title (“Request for Qualifications – Financial Audit Services”)
- Consultant name
- Time and date of the opening (“April 3, 2020 @ 2:00 pm”)

Insurance Certificate

Each qualification proposal must include a certificate of insurance showing:

- The insurance carrier and its A.M. Best rating.
- Scope of coverage and limits.
- Deductibles and self-insured retention.

The purpose of this submittal is to generally assess the adequacy of the Consultants insurance coverage during submittal evaluation; as discussed below, endorsements are not required until contract award. The District’s insurance requirements are detailed in Section F.

Submittal of References

Each proposer shall submit a statement of qualifications and references on the form provided in Section E of this RFQ.

Statement of Contract Disqualifications

Each proposer shall submit a statement regarding any past government disqualifications on the form provided in Section E of this RFQ.

Qualification Proposal Withdrawal and Opening

A Consultant may withdraw its qualification proposal, without prejudice prior to the time specified for the opening, by submitting a written request to the District General Manager for its withdrawal, in which event the submittal will be returned to the Consultant unopened. No submittal received after the time specified or at any place other than that stated in the RFQ will be considered. The opening of proposals in response to this RFQ is not subject to attendance by the general public. This restriction is necessitated by the fact that the contract award is subject to negotiations, and it would be unfair for competing Consultants to know the prices quoted by one another.

Communications

All timely requests for information submitted in writing will receive a written response from the District. Telephone communications with District staff are not encouraged but will be permitted. However, any such oral communication shall not be binding on the District.

Qualification Proposal Retention and Award

The District reserves the right to retain all qualification proposals for a period of 60 days for examination and comparison. The District also reserves the right to waive non-substantial irregularities in any qualification proposal, to reject any or all qualification proposals, to reject or delete one part of a qualification proposal and accept the other, except to the extent that proposals are qualified by specific limitations.

Competency and Responsibility of Consultant

The District reserves full discretion to determine the competence and responsibility, professionally and/or financially, of Consultants. Consultants will provide, in a timely manner, all information that the District deems necessary to make such a decision.

Contract Requirement

The Consultant to whom award is made (if any) shall execute a written contract with the District within ten (10) calendar days after notice of the award has been sent by mail to it at the address given in its qualification proposal. The contract shall be made in the form adopted by the District and incorporated in this RFQ.

Insurance Requirements

The Consultant shall provide proof of insurance in the form, coverages and amounts specified in Section F within 10 (ten) calendar days after notice of contract award as a precondition to contract execution.

Failure to Accept Contract

The following will occur if the Consultant to whom the award is made (if any) fails to enter into the contract: the award will be annulled; and an award may be made to the next highest ranked Consultant with whom a responsible compensation is negotiated, who shall fulfill every stipulation as if it were the party to whom the first award was made.

Section D – FORM OF AGREEMENT

Agreement

THIS AGREEMENT is made and entered into in the City of Sacramento on [day, date, year] by and between RECLAMATION DISTRICT NO. 1000, a public entity of the State of California, hereinafter referred to as District, and [CONSULTANT'S NAME IN CAPITAL LETTERS], hereinafter referred to as Consultant.

WITNESSETH

WHEREAS, on March 2, 2020, the District requested qualification proposals for Financial Audit Services.

WHEREAS, pursuant to said request, Consultant submitted a proposal that was accepted by District for said services.

NOW THEREFORE, in consideration of their mutual promises, obligations and covenants hereinafter contained, the parties hereto agree as follows:

- 1. Term.** The term of this Agreement shall be from the date this Agreement is made and entered, as first written above until Project Completion date _____.
- 2. Termination.** If, during the term of the contract, the District determines that the Consultant is not faithfully abiding by any term or condition contained herein, the District may notify the Consultant in writing of such defect or failure to perform. This notice must give the Consultant a 10 (ten) calendar day notice of time thereafter in which to perform said work or cure the deficiency.

If the Consultant has not performed the work or cured the deficiency within the ten days specified in the notice, such shall constitute a breach of the contract and the District may terminate the contract immediately by written notice to the Consultant to said effect. Thereafter, neither party shall have any further duties, obligations, responsibilities, or rights under the contract except, however, any and all obligations of the Consultant's surety shall remain in full force and effect, and shall not be extinguished, reduced, or in any manner waived by the termination thereof.

In said event, the Consultant shall be entitled to the reasonable value of its services performed from the beginning date in which the breach occurs up to the day it received the District's Notice of Termination, minus any offset from such payment representing the District's damages from such breach. "Reasonable value" includes fees or charges for goods or services as of the last milestone or task satisfactorily delivered or completed by the Consultant as may be set forth in the Agreement payment schedule; compensation for any other work, services or goods

performed or provided by the Consultant shall be based solely on the District's assessment of the value of the work-in-progress in completing the overall work scope.

The District reserves the right to delay any such payment until completion or confirmed abandonment of the project, as may be determined in the District's sole discretion, so as to permit a full and complete accounting of costs. In no event, however, shall the Consultant be entitled to receive in excess of the compensation quoted in its proposal.

The District also reserves the right to terminate the contract for convenience, providing a 30 (thirty) calendar day notice, at any time upon a determination by the General Manager that termination of the contract is in the best interest of the District. In this case the Consultant will be paid compensation due and payable to the date of termination.

- 3. Ability to Perform.** The Consultant warrants that it possesses, or has arranged through subcontracts, all capital and other equipment, labor, materials, and licenses necessary to carry out and complete the work hereunder in compliance with any and all applicable federal, state, county, city, and special district laws, ordinances, and regulations.
- 4. Sub-contract Provisions.** No portion of the work pertinent to this contract shall be subcontracted without written authorization by the District, except that which is expressly identified in the Consultant's qualification proposal. - 6. Inspection.** The Consultant shall furnish District with every reasonable opportunity for District to ascertain that the services of the Consultant are being performed in accordance with the requirements and intentions of this contract. All work done and all materials furnished, if any, shall be subject to the District's inspection and approval. The inspection of such work shall not relieve Consultant of any of its obligations to fulfill its contract requirements.
- 7. Record Retention and Audit.** For the purpose of determining compliance with various laws and regulations as well as performance of the contract, the Consultant and sub-consultants shall maintain all books, documents, papers, accounting records and other evidence pertaining to the performance of the contract, including but not limited to the cost of administering the contract. Materials shall be made available at their respective offices at all reasonable times during the

contract period and for three years from the date of final payment under the contract. Authorized representatives of the District shall have the option of inspecting and/or auditing all records.

Rebates, Kickbacks or Other Unlawful Consideration.** The Consultant warrants that this contract was not obtained or secured through rebates, kickbacks or other unlawful consideration, either promised or paid to any District employee. For breach or violation of the warranty, the District shall have the right in its discretion; to terminate the contract without liability; to pay only for the value of the work actually performed; to deduct from the contract price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

- 10. Covenant Against Contingent Fees.** The Consultant warrants by execution of this contract that no person or selling agency has been employed, or retained, to solicit or secure this contract upon an agreement or understanding, for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Consultant for the purpose of securing business. - 14. Consultant Non-Discrimination.** In the award of subcontracts or in performance of this work, the Consultant agrees that it will not engage in, nor permit such sub-consultants as it may employ, to engage in discrimination in employment of persons on any basis prohibited by State or Federal law.
- 15. Indemnification for Professional Liability.** To the fullest extent permitted by law, the Consultant shall indemnify, protect, defend and hold harmless the District and any and all of its officials, employees and agents (“Indemnified Parties”) from and against any and all losses, liabilities, damages, costs and expenses, including attorney’s fees and cost which arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant.

- 17. Release of Reports and Information.** Any reports, information, data, or other material given to, prepared by or assembled by the Consultant as part of the work or services under these specifications shall be the property of District and shall not be made available to any individual or organization by the Consultant without the prior written approval of the District.

21. Resolution of Disputes. Any dispute, other than audit, concerning a question of fact arising under this contract that is not disposed of by agreement shall be decided by a committee consisting of the District's General Manager and the District's Administrative Services Manager, who may consider written or verbal information submitted by the Consultant. Not later than thirty (30) days after completion of all deliverables necessary to complete the project, the Consultant may request review by the District Board of Trustees of unresolved claims or disputes.

Any dispute concerning a question of fact arising under an audit of this contract that is not disposed of by agreement, shall be reviewed by the District's Administrative Services Manager. Not later than thirty (30) days after issuance of the final audit report, the Consultant may request a review by the District's Administrative Services Manager of unresolved audit issues.
