The District informed them that we are actively working with City/County officials regarding encampments. The unauthorized encampment by the District’s Sump Station has since been abandoned, District crews removed remaining debris. Debris from illegal dumping along El Centro Road has also been removed. The District also received a call from the Department of Fish and game regarding fox dens in the landside of the levee in the 2000 block of Garden Highway. Both the Department of Fish and Game and District Staff determined that the dens were no longer active to wildlife and repairs were made to the levee. Finally, a business located along Stryker Avenue reported a downed fence, it was determined that the fence was not District property and the District would not be required to repair the fence.

*\*labor costs only include hourly wages and does not include a weighted rate for each employee*

After about a full day of pumping in manual at all the pump plants, we were able to regain control of the drain levels. Once we had the drain levels back down to a manageable level we shut some pumps off and tried them again in auto, with no success. The next morning, Dec.3rd, I got in contact with Zach at Tesco and informed him of the problem. He immediately came out to the district and we met at plant 1B. After a little testing of the new SCADA equipment, he determined that there was a wiring and programming problem with the new power monitors. He then called their field tech Andrew, who came out immediately. After some rewiring and re-programming, we did a startup test in auto on all the pumps. The test was successful and everything worked exactly like it was supposed to. They then went on to the other pump plants and performed the same fix with success. Since Dec.3rd we have been doing quite a bit of pumping and have not had any issues with the pumps starting and shutting off in auto.

### Corrective Action

Describe Corrective Actions Taken to Prevent Future Incidents

The District had TESCO look into the wiring and reprogramming of all the sites. The District believes the cause of the incident has been correctly resolved. The District should also consider installation of water level monitors and an alarming system in the event that the pumps fail to start while set in auto in the future. In the mean time, the District will closely monitor the SCADA system and ensure that auto operations are performing as expected.

The General Manager’s written report was included in the December 13, 2019 board packet for review. For informational purposes, GM King included in the packet the Agreement from the County to use RD 1000 properties as flood fight storage. He advised the Board that additional agreement details are necessary before requesting authorization from the Board to sign the Agreement. Trustee Smith directed staff to work with the County to identify potential locations for stockpile locations prior to the January 2020 Board Meeting.

There were no public comments related to the Agreement.

Trustee Burns asked about the District’s SCADA system and whether a recent power monitor issue had been resolved. RD1000 Consultant Scott Brown from Larsen Wurzel & Associates addressed this question in detail. In summary, the SCADA installation at Plant 1 and Plant 8 experienced a monitoring failure due to an unforeseen configuration issue which TESCO immediately resolved. ## 6. SCHEDULED ITEMS

### 6.1 Professional Services Agreement: Review and Consider Authorizing the General Manager to Execute a Professional Services Agreement with Downey Brand LLP for General Counsel Legal Services.

General Manager King announced the Board interviewed five respondents to the District's RFQ for Legal Services. Based on interview results, GM King was tasked by the Board to negotiate with Downey Brand LLP on time allotment and legal services provided by General Counsels Rebecca Smith and Scott Shapiro

General Manager King stated as part of the Agreement with Downey Brand LLP; the District is being asked to sign off on a few conflicts of interest waivers as Downey Brand also represents SAFCA and neighboring Reclamation Districts. Trustee Avdis inquired whether the Engagement Letter and Agreement had been made public. At this stage, the documents were not made public. The Board had a robust discussion concerning disclosing the terms of the General Counsel Agreement. Counsel Scott Shapiro made known that under the State Bar Rules of Conduct, Engagement Letters are protected under attorney-client privilege; therefore, not a public document. However, the Board can decide to make the document public after it has been fully executed. This determination can only be made by the client and not the attorney. Counsel Shapiro also confirmed a change under the Terms of Agreement section, where a sentence had been removed to coincide with the language in the engagement letter. After discussion, all Trustees were satisfied with Scott Shapiro's explanation and Agreement/Engagement Letter changes. It is the Board's desire to release the Agreement once signed.

There were no public comments.

**Moved/Seconded:** Trustee Nick Avdis/ Trustee David Christophel

**Ayes:** Trustees Jeff Smith, Chris Burns, Thom Gilbert, Nick Avdis, Elena Lee Reeder, Jag Bains  
David Christophel

## RECLAMATION DISTRICT 1000

DATE: JANUARY 10, 2020

AGENDA ITEM NO. 5.2

---

TITLE: Treasurer's Report

SUBJECT: Approve Treasurer's Report for December 2019

---

### EXECUTIVE SUMMARY:

This Staff Report is intended to inform the Board of the current total funds in the District's checking and money market accounts, Sacramento County Treasurer Fund, State Treasurer Local Agency Investment Fund (LAIF), and the City of Sacramento Pooled Investment Fund.

The Staff Report attachment provides the monthly beginning and ending balances of its Operations and Maintenance cash flow. The report considers the current month's receipts, fund to fund transfers, accounts payable, and payroll.

Noteworthy fund and cash flow items in the month of December 2019 are featured in the attached Treasurer's Report. The District incurred several large expenses associated with the FMAP Grant (i.e., vegetation management, consultants, and large equipment purchases). Because of this, transfers were made from the District's LAIF account to cover these upfront expenses. The District has since reimbursed itself from the FMAP grant fund for associated expenses.

### BACKGROUND:

#### Income and Cash

The District has funds in the California State Controller Local Agency Investment Fund (LAIF), the Sacramento County Treasurer, and Bank of the West.

The District's primary source of income is property assessments. Assessments are collected through respective Sacramento and Sutter County tax bills.

The District is required by law to have a minimum of six (6) months operation and maintenance reserves. Additionally, the District needs six (6) months of Operations and Maintenance (O/M) reserves to pay expenses from July through December when the 1<sup>st</sup> installments are collected on property assessments. The annual O/M budget is approximately \$2 million per year.

### RECOMMENDATION:

Staff recommends the Board approve the information in the December 2019 Treasurer's Report.

### FINANCIAL IMPACT:

None.

## RECLAMATION DISTRICT 1000

DATE: JANUARY 10, 2020

AGENDA ITEM NO. 5.4

---

TITLE: Budget to Actual Report

SUBJECT: Review and Accept Report for December 2019

---

### EXECUTIVE SUMMARY:

This Staff Report is intended to provide a monthly budgetary snapshot of how well the District is meeting its set budget goals for the fiscal year. The monthly Budget to Actual Report contains a three-column presentation of actual expenditures, budgeted expenditures, and percentage of the budget. Each line item compares budgeted amounts against actual to date expenses. Significant budgeted line item variances (if any) will be explained in the Executive Summary of this report.

Attachment 1 provides a fiscal year to date report for the month ending December 31, 2019. At this time, the District is at 59% of our anticipated Election expenses. This is a budgeted item and annual expense that is anticipated to stay under budget. Administrative costs exceeding 50% are due to one-time annual budgeted expenses including District memberships, property taxes and our annual liability and auto insurance policies.

### BACKGROUND:

The Board of Trustees adopts a budget annually in June. District staff prepares the Budget, which shows current year budget versus expenditures and a proposed budget for the next fiscal year.

Three committees review the draft budget before being presented to the Board for adoption in June. The Personnel Committee reviews the wage and benefits portion of the Budget. The Operations Committee reviews the Capital expenditures Budget. After the two committees review and make recommendations to the budget, the final draft is prepared for the Finance Committee to consider. After review by the Finance Committee, the final Budget is presented to the Board for adoption at a regular Board meeting.

### RECOMMENDATION:

Staff recommends the Board review and accept the Budget to Actual Report for December 2019.

### FINANCIAL IMPACT:

None.

**Applicant Statement for the Special District LAFCO Representative**

I moved from Glassboro New Jersey to Rio Linda Elverta in 1981, along with my 3 year old daughter and my husband.

Almost immediately I became involved with Sacramento County Service Area #3 which was the forerunner of our current independant Parks and Recreation District serving the Rio Linda Elverta Communities. This involvement was the result of reading a statement in the local paper, indicating that the Parks Advisory Board had determined that there were sufficient equestrian trails in the area. I was very happy to advocate for additional trails and in the process begin my education in local governance processes.

Over the next several decades I was appointed to numerous County and Local advisory boards, steering committees and ad hoc committees. My interest expanded to include growth issues, flood issues and agriculture/suburban/urban issues.

I learned a great deal about how government works and how Special Districts fit into the process. I became a strong advocate for local governance after going through 3 incorporation attempts in the Rio Linda Elverta communities and in the education process I switched from anti-incorporation to pro-incorporation for unincorporated communities.

In about 1992 I was appointed to the RLE CPAC in and served during the Community Plan Update. I am familiar with the governance process and with procedures for arriving at a decision as a board member. I have served several terms on CPAC under four different County Supervisors since that initial appointment. All of these experiences were very educational for me.

In 2002 I successfully ran for the Rio Linda Elverta Recreation and Parks District. I truly enjoyed and have greatly benefited from the experience of becoming an elected board member. I ran again in 2016 and am currently serving as Secretary for the RLE Recreation and Parks District.

I believe that my history in the community and experience as an elected public official will be an asset for Special Districts as a LAFCO Special District Board member.

Thank you,

Charlea R. Moore
